Dear Parent(s)/Guardian(s)

Every month the school prints out a Newsletter listing all the important information about the happenings at Hadley School. We distribute these to parents via kiddy mail, we also publish the newsletter on our website. We have noticed that a great deal of paper is being used for this information to get to parents and would like to try to save trees. If possible, we would like to have parents get the information via the internet, whether it be through e-mail or our website. We can also appreciate that not all parents have access to these forms of communication and are quite willing to send home a hard copy with your child.

Child's Name _____

- Please send a hard copy of the newsletter home with my child. I can expect to receive approximately 1 a month.
- I would like to have the newsletter sent to the following e-mail address.
E-mail address _____

Signature of Parent: _____

(If we do not receive this form signed by a parent we will assume that the parent will be getting the newsletter from our website.)
